

THE CHAMP IN PERSON.

Civilian spectators somewhere in England were admitted to an Exhibition ^{of} ~~to~~ Joe Louis. The brown bomber is touring American camps, but this was the first time he'd showed his paces before the public. Joe's opponent was another coloured man, Tommy Thompson, 17-stone of tough fighting man, who was once Max Baer's sparring partner.

The match was only for three rounds but even that brief exhibition of fighting skill was much appreciated.

Cheers for a great champion.
