On Cliffe Bonfire Society)

Though the influence of the atomic bomb showed itself
in the few fireworks for the multitude, the Fifth could
not have made the grade without the bonfires.

Sussex alone staged a major organized display as the
citizens of Lewes, ~~with a~~ ^W ~~fine~~ ~~of~~

~~mothballs instead of gunpowder,~~ marched through the streets
in picturesque procession to burn the Guy. *They were clad in
predominantly finery, and they
smelt of mothballs instead
of gunpowder.*

The rest of us took kids, squibs and what dry wood, ^{VJ}

night had left us / to the neighbouring bonfire and made
the best of it.
