	21. SV MR. E.J. BALDWIN PRESIDENT OF THE LONDON RETAIL MEAT TRADERS' ASSOCIATION AND PRESIDENT OF THE LONDON BUTCHERS SPEAKS. (Art silent on beginning for voice) turkeys are in very short supply owing to the shortage of feeding stuffs throughout production and the entire absence of continental birds.	41
"	22. SCU DITTO Owing to the smallness of the meat ration whereby a family of three receive about three pounds of meat for their Christmas joint the demand for turkeys is about four times pre-war. It does not matter how many regular customers a trader has, the supplies are based on the number of birds purchased by him before the war.	41
"	23. CU DITTO I hope to receive about a quarter of the turkeys I used to purchase before the war from this you will realise that it will be impossible to supply more than one person in sixteen who desire a bird. May you be the lucky one	28
