**Semi CU v of Pres. Truman. He says: "Universal training represents the most
democratic, the most economical and the most effective method of maintaining
the military strength we need. It is the only way that such strength can be
achieved without imposing a ruinous burden on our economy through the maintenance
of a large standing armed force."**

**CU Truman talking: "We must remember above all that these men will be training in an
order not to win a war but in order to prevent one." applause**
