

## STUDENTS PREPARE CHELSEA ARTS BALL

Wimbledon Art School has all eyes on the night when London really takes its hair down at the Chelsea Arts Ball. Not only Wimbledon, every London school where bright young people train to be the Epsteins, Picassos of the future, is occupied the same way. Here in the raw state are the figures and tableaux that <sup>make</sup> the big ball go with a swing on New Year's Eve at the Albert Hall.

The artists are doing all the work but everybody'll reap the benefit on the big night.
