

SHAH & QUEEN VISIT BRITAIN

Queen Mary passengers into Southampton were the Shah and Queen of Persia. They've been on a visit to America.

The Shah said he was happy to be here, ~~especially~~ now that the oil ~~crisis is over.~~

2. By special train the Royal visitors travelled to Waterloo. *dispute is settled*

The Duke of Gloucester met them at the London terminus.

There too was Mr. Anthony Nutting, Foreign Office

Minister of State. Women among the distant onlookers

couldn't restrain gasps at Queen Soraya's superb mink.

Two years ago ~~when~~ the Shah seemed likely to lose

his throne, now he is safely back again. On this private

visit they will stay at the Embassy. Queen Soraya hopes

to attend the show of London fashion designers.
