STREAMLINE TRAIN.

The 100th anniversary of the first Canadian passenger train was celebrated by putting on the world's largest locomotive for service between Montreal and Chicago. It's capable of a speed of 110 miles an hour. They made it large and ^{fast} ~~big~~ because you never know when a lot of people might want to leave Chicago in a hurry.

MANCHESTER, FIRE.

Trafford Park, in the industrial area of Manchester. Fire broke out in a timber yard and within five minutes the whole place was an inferno of flame. Our cameraman was on the scene ten minutes after the fire started, and the terrific blaze could be felt even as he flew above it.

GLEBELANDS.

The Lord Mayor of London travelled with Mr Arthur Jarratt to Wokingham ~~to meet other prominent film executives~~ for the opening of Glebelands. This is a magnificent home given by Sir William Jury for the care of aged, sick and impoverished members of the ~~film~~ Film Industry. ~~The first speaker was~~ *Mr. Ruffin (Bromley)*.
