

BARRY DOCK.

268

We've seen many a ship launched before now, but here is ~~some~~ something new --- the launching of a dock gate. . . . weight 170 tons --- 45 feet deep and 38 feet six inches wide.

It makes such a good splash we'll do it again.

SHERINGHAM? LIFEBOAT.

The new lifeboat at Sheringham was launched by Admiral of the Fleet Sir Roger Keyes. This addition to the lifeboat service was presented to the R.N.L.I. by the Ancient Order of Foresters, to mark their centenary.
