

LETTUCE STRIKE AND HURRICANE.

A simple dish of salad was the cause of rioting and shooting in California. The strikers held up 80 per cent of the nation's lettuce supply --- trying to prevent the passage of ^{the} eleven million ~~dollars worth~~ dollars crop to ,market. Tear gas and hand to hand fighting marked the latest of Uncle Sam's agricultural troubles.

Along the Atlantic seabord Nature took a hand --- Hurricanes sweeping the coast of New Jersey --- Spare a thought for our cameramen who secured these pictures as the tempest flayed around them ----- Atlantic City and Ocean City rocking in the teeth of a howling gale.
