

IRISH GUARDS.

301

A battaliojn of Irish Guards id the latest draft for Egypt,
~~and in spite of the bad weather the~~ and as bad weather made a bad day for their departure Gaumont British
News went to see them off and cheer them up. Going east --- it won't
be long now before they see the sunshine. ~~Rain and tears~~ --- only three
sweethearts altogether came to bid farewell to the whole battalion.
They say the Army needs more men --- strikes me they need more women.

ROOSEVELT.

After the most sensational election in the history of American
politics, what has Roosevelt to say? For ~~the~~ ^{the} these next four years he will
be a busy man. His chief lady secretary --- ~~Mrs. Macintosh~~, will be busy
too --- and so will his chief male secretary --- Colonel / Answering
ten thousand telegrams ~~of~~ ^{to} of congratulation ~~as~~ part of the job for
America's jovial first citizen. Handshakes, too, came from friends
and rivals --- ~~and a~~ ~~lot~~ ~~of~~ ~~political~~ ~~opinion~~ ---

Roosevelt is a family man --- here are his mother and one of his
little granddaughters. Anyhow, at home or in public --- Britain wishes
him the best of luck.

SOVIET DRILL, PARADE.

Moscow celebra ions in connection with the 19th anniversary of the
Bolshevist Revolution included a gigantic street parade in connection
with the League of Youth Movement --- glorifying youth, and health and
fitness. Whatever may be your personal opinion of the U.S.S.R.,
you will not want to deny that all those taking part look healthy and s
strong. Mass physical culture as practised by Britain's ~~foreign~~ rivals
seems to be a most desirable item in the education of youth to-day.

After the procession, a clever display of physical drill.
And this would not displace a trained cabaret chorus.
