

M.C.C. AT PERTH.

301

Perth, Australia --- England's second match was against a combined team captained by McCabe, and Wyatt and Fagg opened the innings. Wyatt fell to the bowling of Grimmett and had to sign autographs. Do you love your job? Hammond is proving to be the outstanding batsman of the present tour, and we hope he'll still be in the run-a-minute class when the real Test Matches begin. England had scored 497 when McCabe's boys went in but the opening batsmen knocked up a record score of 306. The match was drawn.

HIPS.

Gales and rough seas around the coast of Britain have led to many an accident in the shipping world. The 5,000-ton Norwegian steamship <sup>Belpareil</sup> with a cargo of timber dragged her anchors <sup>at Gravesend</sup> and became stuck in the mud. The crew was taken off but later returned and the ship was refloated.

Also at Gravesend --- the steamer Westburn, in ~~collision~~ collision with the motor vessel Python, received severe damage --- though miraculously nobody was injured.

QUEEN MARY IN EAST END.

London --- Her Majesty Queen Mary made good her promise when she paid a visit to Mile End, to take a look at the People's Palace, recently rebuilt.
