

SCOTT MEMORIAL.

305

CAPTAIN SCOTT of the Antarctic ~~is~~ ---- that ~~is~~ ~~is~~ holds  
the ~~highest~~ place in ~~the~~ gathering of brave adventurous men.

A tablet commemorating his birth and residence in Plymouth will be a perpetual reminder of the ~~heroism~~ heroism of that tale of exploration that so fired the imagination of the world. ~~The~~ ~~story~~ ~~of~~ ~~his~~ ~~hardship~~ ~~unimaginable~~, of ~~courage~~ and ~~selflessness~~ ~~the~~ ~~great~~ ~~leadership~~ of Scott himself and the undying gallantry of Captain Oates. ~~These~~ ~~the~~ ~~stories~~ ~~are~~ almost legend, but ~~they~~ <sup>it</sup> will be preserved ~~afresh~~ in this tablet unveiled at Captain Scott's old home.

HATS? GOWNS. BATHING COSTUMES AND CARPETS OF FLOWERS.!!!

Take away that dark blob, and let's have a proper look at the hat fashions! Thank you! Hats and gowns for afternoons and evenings. Here is something for an informal dinner --- the more informal the better.

At this time of the year we have to take you over to the other side of the world for bathing fashions but if you arent too tired when you get there you'll agree the trip was worth it. The patterns on these costumes are all painted on by hand. This may account for the sudden rush to take up painting. But where Art and Nature meet is on a carpet of Flowers ~~in connection with the Adelaide Centenary.~~ ~~Designed as a real~~ ~~carpet~~ it's a triumph of horticulture, but housewives are warned not to muck it about with the vacuum.
