QUADS.

to see

So many people have asked ~~us to show~~ the Quads again that we've decided to show you another Birthday Party picture, although we hope that won't make them two years old. In this merry go round Mr and Mrs Miles are in the background, but then parents usually are. This is a Gaumont British News exclusive picture, introducing once again little Ann --- she's the only girl of the four and she throws her weight about a bit --- Ernest --- who was going to say something but can't quite think what --- Paul, also in serious mood --- and Michael, waiting for a meal and worried about his distressed area. Now for the Birthday Cake. Of course, they can't eat the icing, but it makes the most marvellous hair-oil. Now it's time to say good-night, but still Ann is full of fun. Before going to sleep she ~~XXXX~~ ^{has} to play Knock Knock with Ernest.
