

AUTO STRIKE.

America --- the sit down strike in the motor car industry made many thousands idle ---employees losing wages at the rate of a million dollars a day and manufacturers losing half a million a day in profits. Men want more pay and a thirty-hour week.

CHELSEA BRIDGE.

London --- Soon to become a well-known landmark --- the new Chelsea Bridge is nearing completion. Suspension cables are already in position.

AEROPLANE.

France --- The latest kind of aeroplane is the Elytroplan, produced by M. de Rouget as a result of twenty years work. It is claimed to be much safer than anything yet invented, but the appearance is not so hot. Starting twenty years ago, he must have done that first.

CORONATION SEATS.

London --- Toiling through the night as well as by day, workmen are busy putting up all those hundreds and thousands of seats ready for the Coronation. For the greatest pageant of all requires months of work and a genius of organization.

MARTIN JOHNSON.

California --- Crashing on a hillside near San Fernando an American Air Liner brought death and injury to its passengers. Among them were Mr and Mrs Martin Johnson, the explorers. Mr Martin Johnson has died from his injuries.
