

SMALL ARMS SCHOOL

342
Army

Training at the Sydney Small School are young diggers of the Australian Army. They want to become Sergeant Majors. There's no accounting for tastes. After a gas mask drill in real Tear Gas, there's training with the newest types of rifle grenade and trench mortar --- the most effective weapon against a machine gun. And last ----- the machine gun itself, with trailer bullets blazing a train of fire.

AUSTRALIAN V.C.

But of the Australian Soldiers' comrades in London, there is bad news. Collision with a bicycle has killed the Contingents' V.C. --- Gunner Sullivan, who was in England to attend the Coronation.
