DONINGTON PARK.

6th International meeting for the British Empire Trophy race, and the competitors included one lady only --- Mrs K. Petre, in addition to Earl Howe, Austin Dobson, rRaymond Mays and other famous drivers. Eighty laps of the two and a half mile ~~xxxxx~~ circuit --- skids and swerves over the park land that is Britain's only road-racing track. Then came a disaster nearly fatal. At the hair-pin bend Parnell skidded into the bank and Dodson crashed into him. Dodson was cut about the face and badly shaken, and his car in the pits caught fire. The winner was Raymond Mays.

ICE CARNIVAL.

A little lady from Vienna, Melita Brunner by name --- supplied the most spectacular item at New York's Ice Carnival. A torch dance --- a dazzling, bewildering display, ~~of perfect lighting on skates.~~ And the show closed with a delicate compliment in the Coronation ~~f~~ manner. ~~Fashion.~~
