

DUKE OF KENT.

When His Royal Highness the Duke of Kent opened the new headquarters of the Department of Civil Aviation, it was a ceremony as unique as it was important. And the Caledonian, flying above the Strand, ~~arrived.~~ *Spoke to them by wireless* Lord Swanton & Colonel Lindbergh were present

ENDEAVOUR.

Gosport --- Mr T.O.M. Sopwith's new yacht Endeavour II left to cross the Atlantic in quest of the America's Cup. With him also went Endeavour I, as it has not yet been decided which will challenge for the trophy. Whichever it is --- we wish her luck!

FOREST FIRE.

Lonf Island --- our Roving Cameraman flying above Islip secured these remarkable pictures of the great fire. Lines of flame show the path of destruction over 600 acres. The forest was a ~~swag~~ game preserve and hundreds of birds were destroyed. Too bad they didn't live long enough to be shot.

GOLF.

Saunton --- the English Amateur Golf Championship Final found J J F Pennink opposed by L G Crawley. Pennink, formerly Oxford captain, dominated the play. Crawley was one down at the end of the first eighteen, but eventually lost by 6 and 5. Pennink's approximate score was three under fours, and he was a worthy winner of the Cup.
