

TOWERS OF NOLA.

Italy --- In the small town of Nola near Naples, this festival celebrates a defeat of the Turks in the days of the Crusaders.

It is called the feast of the Towers --- but Mussolini isn't watching so it can't be very important.

BISLEY.

Bisley --- Great Britain and America in a match for the General Pershing Trophy. The Americans wore clothes like this --- and some of the British wore clothes like this --- good job he can spell. Britain won the contest by two points.

JERUSALEM.

Jerusalem --- flying above the ancient city our cameras bring to you the story of a pilgrimage at the gate of Jaffa. From the Mosque of Omar, on the site of King Solomon's Temple, a slow and untidy eastern procession winds its uncertain way. Passing the garden of Gethsemane, they come to the Tower of the Tomb of Moses, where, with water from the Holy Well, they bathe their feet. ~~At the Feast of Nabi Musa, it sometimes results in racial clashes, but this year it was peaceful despite appearances.~~

BOBSLED RUN.

New Jersey --- another example of how America enjoys winter sports in summer time. Built to the scale of Lake Placid's icy bobsled track --- it's seventy miles an hour in perfect safety.
