

399
DUKE OF WINDSOR.

Berlin --- a huge crowd greeted the Duke and Duchess of Windsor, and they were specially welcomed by Dr Ley, the Reichs Organization Manager. The purpose of the visit was to study social institutions and welfare. *Later in the day* ~~In the evening~~ the Duke attended a ~~workers'~~ workers' concert.

HANDLEY PAGE.

Radlett --- the most advanced form of bomber ordered for the R Royal Air Force. These exclusive pictures forcefully illustrate the power of this latest war machine, which combines the armament of the bomber, with the speed and handiness of the fighter. If we must have bombers, you'll be glad to know we're getting the best.
FIRE FIGHTING.

London --- at the headquarters of the Fire Brigade they gave a demonstration of old-time fire-fighting. *It was a terrible fire!* ~~Everything was on fire!~~ *especially on* ~~including~~ the engine. In those days the water was pumped by hand, and that's why they were called the silent service.

K.L.M. TRICYCLE.

Holland --- a Dutch air liner with a new type of landing gear --- known as the tricycle plane. *a wheel in front* ~~the front wheel~~ it is enabled to have more than normal braking power. It is also claimed to be more comfortable for passengers, even though it does look as ~~though~~ ^{if} it's been filleted.
