

BROOKLANDS.

455

for the International

~~There~~ <sup>JK</sup> was a big entry at Brooklands, ~~for the International~~  
 Trophy --- ~~the International Trophy~~, but the out-  
 standing feature of the afternoon was a car that crashed into the  
 spectators with fatal results. A girl died soon after the  
 accident. All classes of car were represented, and in the early  
 stages of the race they kept close together. Ninety and a hundred  
 miles an hour ~~and more~~ were the speeds, when No. 9 driven by J. Paul  
 leapt from the track and crashed through spectators and railings.  
 The injured driver was taken to hospital, and among the injured  
 spectators was Mrs Jill Thomas, who was to have driven in the ~~1~~  
 race, but scratched. ~~It was the worst accident since 1901, when~~  
~~a similar disaster occurred at the same spot.~~ Despite this  
 accident the race continued, and ~~the race~~ <sup>it</sup> was won by F.W. Maclure.

Now to New Jersey --- the midget car season has opened and it  
 opened with a bang. This story is exclusive to Gaumont British  
 News. Watch how the little fellows cut in and cut out. Watch  
 how they twist and skid. ~~Watch the crash!~~ Here comes a skid that ends in a  
 crash. But nobody seems to mind and nobody seems to get hurt.  
 Here comes another! Now see a sensational crack-up.  
 And he wasn't even scratched!

Went down

Went to the car!
