General & Queen

KING AND QUEEN AT LIVERPOOL.

In contrast to the grey skies and rain at Manchester, brilliant sunshine greeted the King and Queen at Liverpool. Eighty thousand cheering people were packed into the Everton Football Ground to see the presentation of colours to two of Liverpool's Territorial units --- the 5th Battalion the King's Regiment, and the Liverpool Scottish. ~~The two battalions were formed up to face the saluting base with their bands opposite the Colour parties when the King, wearing the uniform of Field Marshal, made the presentation of new Colours.~~ After the presentation, His Majesty addressed the parade.

The ceremony ended with an impressive march past --- many bayonets gleaming in the sunshine -- kilts swinging and colours flying.

Colours were presented first to the King's Regiment, ~~then to the Liverpool Scottish.~~ then to the Liverpool Scottish.

After the presentation, His Majesty addressed the parade.
