Sir Kingsley Wood was greeted by Lord Nuffield when he went to Castle Bromwich to cut the ~~first~~ <sup>first</sup> turf on the site of a new Nuffield aircraft factory. Here will be turned out 1000 high speed warplanes, the biggest order ever placed by the Air Ministry. The industrial magnate paid a graceful tribute to the skill of the British working man

~~SIR KINGSLEY WOOD AND VANS.~~

And with all these ~~machines~~ <sup>aircraft</sup>, we shall need pilots to fly them. The Air Minister, ~~timeless as ever~~, inspected the new R.A.F. mobile recruiting vans, ~~in the quadrangle of Somerset House.~~
