GLORIOUE GOODWOOD.

478

The holiday spirit was well to the front at the race for the Stewards' Cup. A beauty spot in beautiful Sussex --- they call it Glorious Goodwood. No wonder it's a holiday crowd; this is no place for the serious, regular racegoer; you wouldn't be surprised to see a bookmaker carrying a bucket and spade.

There were twenty-five starters; and in the paddock it didn't seem to matter so much as usual which would be the winner at the finish; it was a nice day for a ride, and that was good enough.

At the starting gate there was no holiday spirit among those theroughbreds. While the spectators were waiting they were showing off by going all ways at once. Just to prove they were not beach donkeys which all the norm of the come time,

Now they're off. A good start and the field spreads out agains a background of full leaf. The Stewards Cup is a gallop of six furlongs; and the leaders here are Jovial Lad, Carnival Boy and Harmachis on the far rails. Makek What a picture as they come out of the sunshine into the shaddw and swing past the stands.

Now for the finish -- a roaring finish and neck and neck until Harmachis on the rails just has it by a head from Old Reliance nearest the camera --- Davy Doolittle in the middle, third.

So Harmachis won at 100 to 7; the race is over; the jockeys pull up up the hill, right in the eye of the camera.
