

WEDDING.

479 Cathedral

Scotland --- at picturesque Dornoch ~~Castle~~, the wedding of the heiress to a great fortune. ~~Miss~~ Miss Louise Carnegie Miller was married to Mr Gordon Thomson, <sup>+ the actual photographs was there.</sup> The eighteen-year-old bride is grand-daughter of famous Andrew Carnegie --- the poor Scots boy who went to America and became the king of steel; the man who gave seventy million pounds to charity and whose name is perpetuated on the libraries in almost every town.

CHATHAM NAVY WEEK.

Chatham --- Navy week is celebrated here and at Portsmouth and Plymouth. One of the most interesting items this year is the ayro wheel display. For Jack it's a bolling life on shore as well as on the sea --- ~~and in case you've never done this~~ <sup>how do you like it?</sup> try it now!

LEOPOLD.

Belgium --- a ceremony attended by King Leopold, by the ~~Wax~~ Queen Mother and by the Royal Prince and Princess. The occasion was the unveiling by the King of a National Memorial to his father King Albert, who was killed while mountaineering.

AUSTRALIAN AIR MAIL.

Southamptongx --- an Empire Air Mail function, attended by Sir Kingsley Woodd and by Sir John Reith, new chief of Imperial Airways. From now on, mail may be sent to Australia by air at the rate of 1½ per half ounce. It is also a regular service to New Zealand, Tasmania, the Fiji Islands and New Guinea. We have travelled far from the days of the horse drawn mail coach and the steam packet. Correspondence crosses the world by flying boat in days instead of ~~months~~ months.
