

ULSTER GRAND PRIX.

485-

There were nearly a hundred entries in the three classes of this motor cycle classic --- the longest race was over a distance of 266 miles. The absence of Stanley Woods owing to a hand injury was a disappointment, but even without him there was some terrific riding to be seen. Those machines went lapping the Irish road course in the neighbourhood of ~~100~~ 100 miles an hour. The winners were, Thomas in the Lightweight, Rusk in the Junior and Mellors in the Senior.
