Niagara Falls --- a deadly torrent of rushing waters. But just above the Falls nine-year-old Ray Field is going to swim across from America to Canada. His parents are well-known swimmers and he is braving the strong current just above the Falls to carry on the tradition. He made the crossing in the remarkable time of twelve minutes thirty seconds --- that's ~~seems~~ about twelve minutes too long for comfort in ~~the~~ a ~~neighbourhood~~ such a dangerous neighbourhood.

CONDOR. CRASH.

Brazil --- Flying to Rio de Janeiro, this giant plane Anhangá was overtaken by tragedy. It crashed; and it's five passengers and crew of four were killed.

BUCKS COUNTY SHOW.

Aylesbury --- Seventy-eighth annual Bucks County Show attracted the County's best horses and riders; a sack race --- but only the riders put on sacks. Next --- spearing the turnip race --- but the turnips in question were actually grapefruit.
