

PEACE INSTEAD OF WAR.

497

Twenty four years ago there was a war to end war. How soon we learned that that was just a dream. <sup>Millions of young men gave their lives then</sup> The world recovered --- but scarcely had the wheels of industry begun to turn again ~~when the house of cards came crashing down once more~~

*Our Prime Minister has come back from his third greatest journey - and he said*

There was no sign of British reserve as the crowds fought to get near the Premier's car ~~as~~ <sup>from Hooton</sup> as we travelled back with Mr Chamberlain we drove through serried masses of happy people - happy in the knowledge that there was no war with Germany

The Premier drove straight to Buckingham Palace. Here he was received by the King while London waited. And history was made again when their Majesties came out on to that famous balcony with ~~the Prime Minister~~ <sup>the Prime Minister</sup> ~~the King and Queen~~ <sup>the King and Queen</sup> ~~the Prime Minister~~ <sup>the Prime Minister</sup> ~~the King and Queen~~ <sup>the King and Queen</sup> will think God as we do now that in the time of desperate need ~~our interests were guarded by Mr Neville Chamberlain.~~

*Posterity will thank God - as we do now - that in the time of desperate need our safety was guarded by such a man - Neville Chamberlain.*
