

CESAREWITCH.

502

Let's take a look at some of the horses entered for the Cesarewitch. In W.R. Jarvis's string at Newmarket is Queen's Shilling --- it remains to be seen if it's worth your shilling each way. Also at Newmarket is Dubonnet --- these ~~has~~ been a lot of money on this colt and he's another good-looker. from the stable of Basil Jarvis. Another Newmarket horse is Olympus, training under the care of Captain Boyd Rochfort.

Now take a look at Fet, at the Epsom stables of Mr Hedges. E. Smith was to have ridden Punch, last ~~XXXXX~~ year's winner.

Punch has been scratched so Smith took over the reins for Fet, who won the year before. Not since 1839 has any horse won the Cesarewitch a second time --- what about it, Fet?

AUSTRALIAN RACE MEETING.

At the other end of the world the seasons are upside down, and that's why it's a Spring Meeting at Randwick, New South Wales. There are pearly kings and pretty girls though, just as there are over here --- and they watch the race in the spring Australian sunshine. So for the Metropolitan Stakes we let Australian take over.
