ETON STEEPLECHASE.

Eton --- as usual there was a bumper crop of young athletes for the steeplechase at Eton College. The high spot of this race is the water-jump near the finish --- a brook that is just too wide ~~to jump over~~. Among the spectators was the son of the Princess Royal -- ~~Lord~~. Meanwhile large and ~~and~~ small Etonians keep dropping in the water ~~like~~ ~~to~~. Altogether it's a very hearty occasion and it's good to know that we British can still enjoy a good clean sport.

*after that Lord Baldwin declared the affair open.*
