CHINA.

These pictures left Canton as the great city stood in the ~~xxx~~ shadow of its own doom. Sampans crowded the Pearl River --- Japan prepared her latest and greatest drive. Canton's hospitals were already full, but they were made ready for the ~~xx~~ huge influx of fresh victims that must inevitably come.

Undismayed, China fights as she retreats. Thousands of young women have flocked to the colours --- young daughters of Mother China who should be looking forward to life, now form a Battalion of Death

From the skies the death-rattle is heard --- the preliminary air-bombardment rings up the curtain once again on a tragedy that ~~never~~ should  be played
