Washington --- it's the Jackson Day Dinner --- what our American correspondent calls a New Deal Love Feast at ~~five~~ a hundred dollars a plate. All the Democrats got together. --- and the President and the Vice President came over all boyish.

CORONATION SCOT.

Southampton --- The Coronation Scot is going to America --- the crack streamline engine of the L.M.S. taking a trip across the ~~the~~ Atlantic for exhibition at the World's Fair. Eight coaches are going with it. This engine weighs a hundred tons ~~5~~ -- imagine the power of the crane that lifts it.
