

BADMINTON. ✓

5.4.2

Westminster --- at the Horticultural Hall the thirty-sixth annual badminton championships. It used to be regarded as a gentle pastime for a vicarage garden, but like everything else this game has speeded up till it's more like a high-power bombardment. This match between Roberts and Frohke was an example of the game at its hottest --- Frohke was the winner.

NUFFIELD AND BANKS IN AUSTRALIA.

Western Australia --- a visitor to Fremantle is Lord Nuffield, paying his fifth ~~sixth~~ call on the Commonwealth in five years ~~and~~ it seems from his ^{smile} ~~expression~~ that he likes being there. Other distinguished visitors from England are the members of the British Air Mission, including Sir Donald Banks, Permanent Under Secretary for Air. The Mission is considering the problem of aeroplane manufacture in Australia.

SUBMARINE IN QUEENSLAND.

Queensland --- a visitor ~~for~~ to the Brisbane River. Britain's H.M.S. Phoenix sailed from the China Station -- with a war-zone Union Jack painted on for protection --- to take part in the training of Naval units of the Commonwealth against the menace of undersea attack. The anti-submarine Defence Corps is a volunteer body made up of chiefly of amateur yachtsmen --- yes, Australia means to be prepared.
