HALIFAX WIN RUGGER CUP.

To the familiar strains of Ilkla Moor baht 'at- cup tie fans numbering about 50,000 swarmed to Wembley for the Rugby final between Salford and Halifax. ^{Both teams look} Halifax are the team ~~in striped jerseys.~~ ^{Halifax are the team in striped jerseys.} Lord de la Warr was present and

shook hands first with the Salford men and then with Halifax. ^{Halifax kicked on} Salford won the toss, and ~~attacked persistently.~~

Though Halifax did not win the ball so often from the scrums they were the more dangerous. Time and again they hurled themselves at Salford's defence and were pulled down inches from the line. Then Smith, the New Zealander, put Halifax ahead with a try- ~~the first scored against Salford in 10 successive Cup ties.~~

Lockwood added the goal points. Salford tried several clever passes, but each time the Halifax defence smashed them up. After half an hour's play, Treen scored a second try for Halifax which Lockwood again converted.

Halftime found Halifax ahead by 10 pts to none. Salford started again with a flourish, and within three minutes Risman crossed the line for their first try, but failed to improve it. Halifax then got on their feet, and their

centre was able to send Todd under the posts for a try which Lockwood again improved. ~~Five minutes from the end~~ ^{with 4 tops to go.} Halifax scored again. And so Halifax won the Cup for the

fourth time and the second occasion at Wembley. It was presented by to them by Lord de la Warr.
