

SHOREDITCH FIRE.

657

2 Regular Firemen and A.F.S. were busy ~~XXXXXXXXXX~~ on the scene of this fire in Shoreditch, ^{but} there was more smoke than flame and they soon had it under control. By coincidence, the ~~fire~~ outbreak occurred in Primrose St. and the day was Primrose Day. ~~The~~ material burning was creosote and naphtha; ~~and~~ that's no blinking primrose.
