SECRET

SUDANESE TROOPS.

Italy's so-called Empire has been on the boil ever since Mussolini got it; any moment now it may blow off the lid. Here's a company of the Sudanese Defence Force in action against Italian Africans on the borders of Abyssinia. Vickers machine gun sections and riflemen in action ^{on} ~~against~~ a desert patrol.

There have been many reports of uprisings in Albania --- ~~far~~ forces let loose by the Greek success. If we can hammer out a success in this country too, Abyssinia will need no more encouragement. The Emperor Haile Selassie is in the Sudan; But when his country was battered into submission, there were no mechanised units to fight for the Ethiopians. ~~The~~ Il Duce is finding out that this adventure in the Colonies is a very different affair.
