IMMORTAL BABY.

This baby was born with a silver spoon in its mouth. Doctors watched it and thought that if it could be properly trained and ~~brought up~~^{adjusted}, it could live for ever.

On her first birthday, this tiny Cinderella was treated like a Princess and hailed as the Immortal Baby. That's what they thought. But Mother had very different views for her ~~only~~ offspring,-- she ~~wouldn't~~ wouldn't consent to her adoption.

So Baby Jean is back home again in a humble room, and she doesn't seem to mind a bit. After all, it's a bit boring to live in a palace, and always be on your best behaviour.

And look how pleased Mum is to have her daughter back again--- As for baby, what's immortality compared to Mummy.

MEXICAN BULL FIGHT.

This is a real Mexican Rodeo staged in honour of Mr Wallace, Vice-President elect of the United States.

Lovely señoritas and gay caballeros provided a Spanish ~~fiar~~ fiesta for Uncle Sam's visitors.

The high-spot of the programme was a bull-fight, but well watered-down and stripped of its more gruesome trappings.

The matador merely went through the motions- but with real gusto. / At all events, President Roosevelt's good-will envoy seems to be having the time of his life.

~~This is real hospitality South of the Border in typical Mexican style.~~
