

VICHY GOVERNMENT.

Pictures from France: the Vichy Cabinet in Session to consider the German demand for collaboration --- to which they agreed. Marshal Petain presided, with the jolly admiral in position as Vice-Premier and General Huntziger as Minister of War. Meanwhile the real spirit of France is still fighting against its traditional enemy --- Germany

JAPANESE NAVY.

The combined Fleet of Japan has been on manoeuvres and these are the first pictures of that Fleet ever passed by the Japanese Censor. On this occasion the Navy Secretary announced that Japan was not proposing to attack ~~OTHER~~ other Powers but aimed to establish a New Order in East Asia --- so you can take your choice

LAUNCH OF U.S.S. SOUTH DAKOTA.

Here's a new recruit to the Navy of America; thirty-five thousand tons of battleship named South Dakota --- completed five months ahead of schedule. She's the third of her class to be launched under America's new Naval programme; The others were the North Carolina and the Washington. She looks as though she ought to be able to keep order, if not new order.
