

MR. CHURCHILL MEETS PILOTS AND WORKERS.

This was how Coventry greeted the Prime Minister

It's a tribute not only to Mr. Churchill himself, but also to the City which has made such a terrific come-back after one of the war's worst blitzes. This was part of a tour of the Midlands; the Premier later inspected personnel of the A.R.P.

With Mrs Churchill ^{the Premier} saw a new Spitfire doing its stuff and chatted with the test pilot, ^{who in the war was made a} ~~test pilot~~ ~~from London to the Cape and back~~

On another day Mr Churchill appeared for the first time in the uniform of the R.A.F. --- he is honorary Air Commodore of Fighter Squadron 615. You'll notice the Premier's three rows of medals; ^{They include} ~~the~~ the Egyptian medal, the Khartoum medal and clasp, the ~~Malakand Field Force medal and clasp, medals for the war in Guba in 1925 and 1926,~~ and the South African Medal with six clasps. ~~He is also a Companion of Honour and has America's D.S.M. in addition to the medals for the war in 1914.~~ *Just world war!*
