QUEEN.

The Queen, accompanied by the Duchess of Kent, paid a visit to the Lord Roberts Memorial Workshops. It was an exhibition of War Disabled Ex-Servicemen's Industries --- goods made by men who have served the British Empire in the past; men who still serve in this way with undefeated spirit.

MRS. CHURCHILL.

Mrs. Winston Churchill, M. Maisky the Soviet Ambassador and Mme. Maisky gave a send off to a fleet of Red Cross vehicles leaving London. It was the start of a tour collecting for the Red Cross Agricultural Fund which is giving its support to the Fund for Aid to Russia. The caravan started from the Ministry of Information with Mr. Brendan Bracken also present to see it off.

FLYING FORTRESSES.

Over to Hawaii. This is now an island fortress for Uncle Sam in the Pacific, and Flying Fortresses are a part of its strength. Over the land of Hula girls and straw skirts, roaring propellers in the clouds make an exciting picture. But so does a roaring propeller in a straw skirt.
