LAUNCH OF THE BUNKER HILL.

Uncle Sam's ~~navy~~^{ship} yards are bristling with activity.

Down the slips goes yet another vessel -- the aircraft carrier Bunker Hill. And across America it's the same story all the time, an immense production of ships -- and incredible speed in building.

2
And another giant has been built fully a year ahead of schedule, -- the battleship New Jersey.,

One sixth of a mile long; five decks high -
This colossus of the sea has 9 16-inch guns.

Massive power combined with ~~great~~ a great turn of speed.
America sends yet another of her mighty ships down to the water.
