

FAMILY.  
A BEARS ~~AND MONKEYS~~.

951 D

Here's a most charming family from Washington. Father is a Polar Bear, and he waits outside just like any other father. Mother looks after her infant, like any other mother, for the baby is about as much worry as any other ~~xxxxxx~~ baby.

6 This is a tight rope walker. He does a trick to make your heart stand still. And what does he get for it ~~^~~ only a mere ice-cream.

On ~~ixax~~ the rings he's quite as bold -- when he is full of ice-cream, he churns it into butter.

Now another trick-- a crazy cloud-cuckoo land somersault ~~See friends, what do you know about that.~~

~~ROUGH RIDING CHAMPIONS.~~ DARE DEVILS ON MOTOR CYCLES.

Daredevils at the San Francisco Championships took breathless hairbends all out.

2 And soon came the first spill of the meeting ~~50~~ 50 miles of sheer rough riding and the bumpier it was, the better they liked it. They banked the corners and then the corners ~~bumped~~ ~~bumped~~ them. However there was a winner and this is the prize he got for his trouble.
