

Rome Strike-

Rome-- where, following strikes in support of wage claims, police forces were called out in full strength, to keep law and order, and prevent/<sup>the</sup> intimidation of other workers. ~~police~~ With more/reinforcements rushed to the city, the strike was doomed to failure, as the Italian Government took a firm stand against this <sup>new</sup> latest form of political agitation.

Train hitch-hikers-

California- where border patrols search trains coming ~~from~~ from Mexico to prevent hitch-hikers from making an illegal entry into the United States. During the ~~search~~ <sup>sporadic</sup> search, a Mexican is spotted on the roof of the train- and the chase is on. ~~He~~ <sup>HE</sup> proves to be a typical agricultural worker, making his way to a rich farming area.

~~As~~ The promise of a bountiful harvest in California, ~~draws~~ brings migrants from over the border, hoping for a place in the sun.

Hillary Presentation-

Washington- where Brigadier Sir John Hunt- the leader of the Everest Expedition- received from President Eisenhower the ~~Hubbard~~ <sup>Hubbard</sup> Medal, ~~which~~ was first awarded in 1906 to Peary, the Arctic explorer.

Then ~~a presentation to~~ <sup>AND TO</sup> Sir Edmund Hillary <sup>WENT</sup> of a replica of this medal, one of the most coveted American geographical awards.

~~And~~ at the Canadian Club in Ottawa, Sir Edmund received from Mr Pearson- ~~Secretary of State for External Affairs-~~ a similar sleeping bag to those used <sup>ON</sup> by the expedition, <sup>SO NO WONDER,</sup> which was warmly ~~praised by the man who reached the summit.~~

SIR EDMUND WAS FULL OF WARM PRAISE FOR HIS GIFT.

The Barc-

~~France~~ <sup>SEES</sup> introduces the Barc- a powerful amphibious landing-craft, which can be used to supply troops or land an assault force.

Despite its tremendous size, the ~~vessel~~ <sup>BARC</sup> will travel easily over soft surfaces- ~~with~~ <sup>OF</sup> loads up to 100 tons. Its top speed is 15 m.p.h. ~~AND ITS~~

~~In addition,~~ each of the four wheels is powered by 165 horse-power ~~diesel engine.~~ The tyres are 9 feet high.
