

Tondon: This is the new control centre for civil aviation - located on the fringe of London Airport. The long-range radar scanner enables skilled operators to plot, on the screen, all air traffic operating over Southern England.

On the airfield itself, the traffic control tower is situated in the heart of the new Central Terminal - and affords a commanding view of all runways - on the busiest civil airport in Europe.

virginia: Introducing the U.S. Navy's first radio-controlled jet fighter -

The fighter responds perfectly to remote control even to the parachute brake to cut down landing speed.

Seattle: The U.S. Transport "Bayfield" docks with nineteen survivors of the the hapless stratocruiser that crashed in the Pacific. The end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the pacific in the end of a who clung to frail rafts - for hour harrowing experience for the victims - when the pacific in the pacific i

Parting the Iron Curtain, the camera estebes a glimpse of the China Road to Tibet. Since the invasion of Tibet, this new highway has slowly spanned the top of the world.

Formosa: Under the constant threat of Communist invasion, the volunteers undertake a fifteen-day training programme - to become the Home Guard of the Nationalist Island stronghold.

Washington: At the White House, President Eisenhower peruses a 1600-year old New Testament. Written in Aramaic (the Mother tongue of Christ) the bible has been put on public exhibition.

audience by His Heliness the Pope are the first to be filmed in the

After the ceremony, the Pope bestoned his epostolic blessing on the

Italy: Heartening sign of the Pope's recovery - are these pictures of the Lebanese President - about to be received in audience by His Holiness in the Vatican. Later, a multitude in St. Peter's Square received the apostolic blessing.
