Welsh cloak and hat-

June 27th. '57.

Pinewood- where so many successful British films are made- was at home to civic guests , when the Lord Mayor of Cardiff and the Lady Mayoress were welcomed by Belinda Lee.

Another guest was Miss Pearl ~~Webb~~ ^{Webb- a Welsh-speaking} ~~Welsh speaking~~ /girl who was visiting London for the first time- in National costume.

The occasion was the presentation ^{to Miss Lee} of a Welsh cloak and hat- (the materials of which have been woven by Pearl's family for generations) ~~to Miss Lee~~, on behalf of the City of Cardiff.

One of the highlights of the Lord Mayor's visit was a meeting with a distinguished countryman- Mervyn Johns, whose character-roles have ~~delighted~~ delighted countless audiences.

This traditional Welsh gift underlies the story of Belinda's new film. The time when similarly-robed Welsh women routed French invaders of Britain- 160 years ago.
