COMM....

Heinkel, Messerschmidt, Dornier, Clothes moth. There's no warning for this sneek raider, it flies in silently and unchallenged and makes a three point landing on your Sunday pants and what a load. Delay action sabotage bombs. Here they come. More, and more, and more. Ready to carry on the dirty work. What price those Sunday pants now and that frock, and that coat and where are the reinforcements coming from. Don't get caught, disturb your clothes regularly, shake them, iron them, brush them. Shake them again. Swot that moth if you can, but remember it's the grubs that do the damage.
