STUDENTS TAKE OVER GLASGOW

In Glasgow University students take over the City in a finale to the charity week. In the parade beauty queen Nancy Anderson as Une Igerra heads the United Nations Tableau. Seven thousand students brave the cold with bare knees and scanty costumes.

At the City Chambers the salute was taken by the Lord and Lady Provost, Sir Hector and Lady McNeil. Costume-crazy students extracted the last half-pennies for their £30,000 target. By the evening they had broken all collection records.
