

SOUTHERN COUNTIES CAT CLUB SHOW

Several thousand prospective buyers at the Southern Counties Cat Club Show were given the same answer as Itma's Diana Morrison..... "Only to look at" With or without a rabbit's foot to bring them luck, British pedigree cats are in the money.

For first class kittens reared in Britain, Americans bid up to twenty pounds, for even this rare Abyssinian cat thrives better here than in its own country. Whether this can be attributed to the improvement in the catsmeat quality since canteens took to serving it, only the judges say.....and this one has his hands too full to talk to us about it.

The days judging did confirm however, that cream blue "Bournside Clarissa" is a beauty among cats...that "Sammy Morris Tudor" is a mandarin by Siamese rating. "Polden Hills Passalini" the best male Chinchilla in the show. And "Noxa Trema," winning tertoisshell, (father unknown but registered and saved from shame) to rank with "Blue Blood Timothy of Knott," and "Black Beret," a nine times champion.
