BOB HOPE FIGHTS FOR CHARITY

The Rockettes - New York's prettiest line of chorus steppers land in Madison Square Garden, as show business greets America's airmen, celebrating the first anniversary of an independent air force.

18,000 airmen watch attentively as famed Gypsy Rose Lee prepares to "take off." Carrying this familiar air force manoeuvre one step further - here's a "take off" on a "take off" - with Bob Hope giving a new definition of an "air strip."

General Eisenhower beams approval as "jet-propelled" Bob Hope runs into a dog fight with "Bomber" Jack Dempsey, ex-heavyweight champion. Any likeness to the Oma-Woodcock fight is purely coincidental.

And to crown this billion-dollar match, here is the prizefighters' latest dance - the Oma-Oma.

Bob Hope scores a direct hit.
