MR. CHURCHILL AT GARDONE

Mr. Churchill settled down beside the lake of Garda, the bluest and widest of Italian lakes, to rest, paint and work on his Memories.

He is staying at Gardone Grand Hotel where he occupies a suite of fourteen rooms especially furnished in occasion of his arrival.

Mr. Churchill will stay at Gardone a whole month, except for a brief period when he goes to Strasbourg's European Council meeting.

On the same evening of his arrival, Mr. Churchill took a quick dip in the lake's warm waters. Later he received greetings from Premier De Gasperi and talked to local officials.
