PRESENT IN THIS ISSUE OF PATHE NEWS
AN INTERVIEW WITH MR. CLEMENT DAVIES

The British mode of life is a liberal way of life and I believe that the British people are Liberals at heart and in thought, Every day I hear from people who are sick and tired of the Socialist Government and of the Tories. They are fed up with class warfare and extremism either of the right or of the left. They want a new approach, they want a national approach and the Liberal Party can give it to them.

We are equally opposed to both the Socialists and the Conservatives. We do not support the Socialist aim, which is to nationalise everything. On the other hand we wish to check the monopolies and break the price ring which flourished under the Tories.

The Liberal Party enters this election far stronger than it has been for over twenty years. We shall have 400 Liberal candidates in the field and if you want the Liberal life of this country to continue, that is social reform without Socialism, profit sharing for workers in industry, income tax reform, sound administration and bold tackling of our economic problems, a wide-world expansion of our trade, no more wasteful expenditure on peacetime conscription and above all absolute respect for the liberty of the individual, then you will want a Liberal Government and if you want a Liberal Government you will vote for the Liberal candidate on 23rd February next.
